Waterproofing Systems, Sealers & Sealants

Epoxy coatings & sealers

SE20 (Primer / Sealer)

DESCRIPTION:

SE 20 is a 2 part waterbased epoxy primer used to prime and seal concrete and masonry surfaces. It cures to a tough chemical and water resistant coating, having an excellent adhesion to sound concrete.

RECOMMENDED USES:

- Fish ponds
- Retaining walls
- Moisture barrier on damp walls/floors

FEATURES AND BENEFITS:

- Waterbased – low odour
- Resists hydrostatic pressure when cured
- Oil resistance
- Application to damp surfaces

Code:	Description	Pack Qty
SE20	Waterbased 2 part epoxy primer	20L Kit 24/Pallet

SE30 (Hydra Epoxy)

DESCRIPTION:

SE 30 is a 2 part waterbased high solids epoxy sealer used to prime and seal concrete and masonry surfaces. It cures to a tough chemical and water resistant hydrostatic coating having excellent adhesion to sound concrete.

RECOMMENDED USES:

- Fish ponds
- Retaining walls, reverse tanking
- Moisture barrier on damp walls/floors

FEATURES AND BENEFITS:

- Waterbased – low odour
- Resists hydrostatic pressure when cured
- Oil resistance
- Application to damp surfaces

SE30	Waterbased 2 part epoxy sealer	20L Kit 24/Pallet

EP250 & EP250 Gloss (Waterbased)

DESCRIPTION:

These systems are two component water borne epoxy resin based protective and decorative floor and wall coatings that are exceptionally hard wearing and chemical resistant. They are applied by roller or airless spray and cure to form a seamless, resilient finish which is easy to clean and maintain.

RECOMMENDED USES:

- Automotive workshops, factories & warehouses
- Garages
- Aircraft hangers
- Wineries
- Food processing areas
- Showrooms
- Plant rooms
- Car parks
- Nursing homes
- Areas subject to foot/vehicle traffic
- Chemical spill areas
- Basecoat for flake flooring
- Floors and walls
- Vapour barrier

FEATURES AND BENEFITS:

- High durability to high level of wear and traffic
- Chemical/oil resistant to a range of chemicals, solvents, some acids, brake fluid, petrol
- Waterbased, low odour, user friendly, usable in public areas
- Excellent adhesion new or old concrete - when correctly prepared
- Hydrostatic pressure resistant moisture barrier under coverings
- Slip Resistant can be enhanced by addition of anti-slip media
- Concrete bonding new to old concrete/render
- Colour range:- Coloured and clear available
