Waterproofing Systems, Sealers & Sealants

Epoxy coatings & sealers

EP350 (Solvent Free)

DESCRIPTION:

EP350 is a two part, solvent free epoxy resin based protective and decorative floor and wall coating that is exceptionally hard wearing and chemical resistant. It is applied by brush, roller or airless spray and cures to form a seamless, resilient finish which is easy to clean and maintain. Sealex EP350 gives long term protection to concrete and steel for a wide range of industrial applications.

RECOMMENDED USES:

- Automotive workshops
- Factories/warehouses
- Garages
- Aircraft hangers
- Wineries
- Food processing areas
- Showrooms
- Plant rooms
- Car Parks
- Commercial kitchens
- Areas subject to foot/vehicle traffic
- Chemical spill areas
- Floors and walls
- Steel structures

FEATURES AND BENEFITS:

- High durability highly durable to traffic and wear
- Chemical/oil resistant to a range of chemicals, solvents, some acids, brake fluid, petrol
- Excellent adhesion to new or old concrete and steel – when correctly prepared
- Slip resistant can be enhanced by addition of anti-slip media
- Colour range available in a range of colours
- Solvent free

EP450 (Solvent Based)

DESCRIPTION:

EP450 is a two part, high solids, high build epoxy resin based protective and decorative floor and wall coating that is exceptionally hard wearing and chemical resistant.
